COME FROM?**

ROMANIA

A beautiful country located at the intersection of Central and Southeastern Europe, bordering on the Black Sea.

Romania is administratively divided into 41 provinces called județ;

Major cities are Bucharest (the capital), Brasov, Constanta, Craiova, Galați, Iasi, Oradea, Sibiu, Timishoara and other tourist interest locations such as Suceava, Baia Mare, Sinaia and Targoviste.

NATURAL ENVIRONMENT

A high percentage of the country is covered with natural and semi-natural ecosystems. The integrity of Romanian forest ecosystems is indicated by the presence of the full range of European forest fauna.

There are also almost 400 unique species of mammals, birds, reptiles and amphibians in Romania.

Romanian territory is divided into seven regions:

Moldova

Maramures

Ardeal

Banat

Oltenia

Muntenia

Dobrogea

Moldova is, historically, a region of Eastern Europe, but from the cultural and linguistic point of view it is a Romanian region. Moldavian cuisine is characterized by refined and tasty dishes. In Moldova there is a very important region called Bucovina.

SUCEAVA

Suceava is also the gateway to visiting the Painted Monasteries of Bucovina.

- Suceava is situated in the historical region of Bukovina, north-eastern Romania.
- Mentioned in documents for the first time in 1388, during Petru Musat's reign, Suceava was for a long time the capital Moldavia, reaching prosperity during Stefan cel Mare reign.

The town has some noteworthy attractions of its own, including **Saint George's Church**, a UNESCO World Heritage site, the **Bucovina Ethnographic Museum**, with its valuable folk costumes collection and traditional items exhibits, and Suceava's main tourist site, the remains of the **Princely Court**.

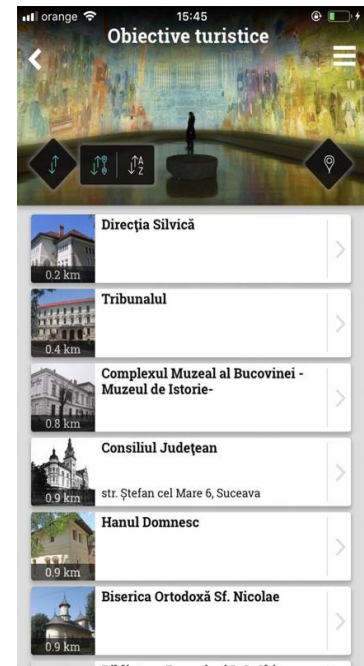

ECONOMIC HIGHSCHOOL “DIMITRIE CANTEMIR”

* Our highschool was founded on September 15th, 1945 and now it is one of the most prestigious schools in Suceava.

The school offers us the opportunity to participate in European Projects like Erasmus. Erasmus offers the possibility of personal development, but also interaction with different people, traditions, cultures, personalities.

- If you decide to visit our majestic city, for further information, you can use <SuceavaCityApp>. This new concept is a smart application that promotes our city. If you select the "notifications" option you will be updated with the events taking place in our town!

Suceava deserves to be visited, discovered and made known!

We can say much more about Romania, but a presentation is too small for that.

We hope that if you ever visit our country, you will have the chance to see all these beauties and meet the hospitality of the Romanian people.
